

LOWENBURG MARRIES

The Director-General Weds a Wealthy Widow.

DAMAGE BY WATER HEAVY

The Fish and Oyster Commission Finish Their Work in Tidewater and Will Move Their Headquarters Here—Miss Gallatin Refused.

(Special to The Times-Dispatch.)
NORFOLK, VA., October 24.—Mr. David Lowenberg, capitalist, director-general of the Jamestown Exposition Company, and widely known citizen of Norfolk, was expected to be married in St. Louis tonight to Mrs. Caroline Shullman, a wealthy widow of that city.

Investigation by the insurance men today shows that the water's damage to the Old Dominion Paper Company, whose plant on Commercial Place was burned last night, was far greater than the fire loss. The entire stock, being paper, was ruined beyond salvage. It is now thought that the fire originated in the stereotyping department on the fifth floor. The loss appears now to be \$25,000, covered by insurance. The work of clearing the ruins is in progress today.

FISH COMMISSION.
The legislative Fish and Oyster Commission, which has had headquarters in this city for some time past, will shortly return to Richmond. Its report is now practically completed, and an early report will be made upon the barren area of oyster rocks and the revision of the Baylor survey.

W. W. Old, Jr., defeated candidate for the Legislature in the recent Democratic primary, was allowed by Chairman Day, of the opposing faction, to examine the tally sheets in the First Ward, where frauds are charged. The ward officers of Old's faction were not allowed to see them, however. The day people are carefully guarding their returns from the defeated faction.

DAUGHTERS TURN ACTRESS DOWN.
It is learned here tonight that Miss Alberta Gallatin, the actress now on a Southern tour in the "Ghosts," was refused admission to Pickett-Buchanan Chapter, United Daughters of the Confederacy. She is a daughter of the late Confederate General Albert Gallatin. Her application for honorary membership was strongly supported, but for some reason it failed. The play in which she is appearing was quite severely criticized when it was presented here, October 24.

RICHMOND PEARSON
Fined Sixty Dollars for Insulting Railway Employes.

(By Associated Press.)
ROME, Oct. 24.—Richmond Pearson, formerly United States consul at Genoa, and now minister to Peru, has been fined sixty dollars, and fifteen dollars costs, for insulting an Italian railway official last December. The government was desirous of settling the matter by pardoning Mr. Pearson, but the latter refused to ask for the King's clemency as prescribed by law.

Mr. Pearson, on December 24, had some trouble at the railroad station at Genoa with some other passengers, about seats and an employee of the road intervened, whereupon Mr. Pearson, it is claimed, used insulting language in addressing the employee. The incident would have been closed if Mr. Pearson, on returning to Genoa, had not made a report to the United States consul, thus compelling the employee to defend himself. The latter used the consul-general's letter as evidence before the judicial authorities. He was sentenced by default, appearing, he was sentenced by default.

DEMOCRATS HAVE HOPES OF VICTORY

(Continued From First Page.)

As Miles the Democratic candidate for the Governorship in Massachusetts, there would have been a middle indeed for the bloody-shirters, with an ex-Confederate running as candidate for second place on the ticket.

The news from New York is uniformly encouraging to the Democrats. They expect gains everywhere. It is said that there is more enthusiasm and more nearly unity among the Democrats of the Empire State this year than in many years.

IN MARYLAND.
The campaign in Maryland has been at fever heat for two weeks. Senator Gorman, at present, perhaps, the most prominent candidate for the Democratic nomination to the presidency, is engaged in the campaign. It is thought that the great interest manifested by Mr. Roosevelt in the contest in Maryland is very largely due to his desire to see Mr. Gorman given a black eye. But there really appears a grave danger of the Democrats losing either the governorship or the Legislature. Warfield's majority will probably be small—perhaps it will be the majority by which he carries the city of Baltimore. Baltimore is set down as Democratic by from 3,000 to 5,000.

The Legislature will be Democratic hardly beyond a question. This means that Louis Emory McComas, the Republican colleague of Mr. Gorman in the Senate from Maryland, will be succeeded by a Democrat. That Democrat may be Hon. Isador Rayner. Mr. Rayner was for a long time opposed to the Democratic organization, but recently he got in line and announced his senatorial candidacy. He is one of the ablest lawyers in the country. He is educated at the University of Virginia, where he was the classmate and room-mate of Hon. J. Taylor Elliott, chairman of the Democratic State Committee of Virginia. Owing to Mr. Rayner's refusal to completely affiliate with the party in Maryland in recent years, it is said that there

are some chances that he will not be elected to the Senate, even if the Legislature is Democratic. His speeches have been the feature of the oratory of the Maryland campaign.

The battle ground this year is Massachusetts, New York, Maryland and Ohio. No great changes are looked for in other States. In the four named the Democrats are very hopeful—in New York and Maryland they are confident.

FIRE IN CHESTERFIELD

A Residence Burned Almost Over the Heads of the Family.

(Special to The Times-Dispatch.)
BON AIR, VA., Oct. 24.—The residence of Mr. T. J. Jordan, living near the Junction of Melothian Turnpike and Courthouse Road, caught fire last Thursday about 2:30 P. M. and rapidly burned to the ground. The entire family was in the house at the time, and before they were aware of their danger the entire place was falling in. The mother, with her infant, only three months old, in her arms, rushed out, while the father got the rest of the children out.

They did not have any time to save an article of clothing or anything else. The children grew frantic, and it required the utmost vigilance of the parents to keep them from rushing back into the house in their vain efforts to save something.

But the house and its entire contents was doomed—nothing was saved. The children did not even save their hats, they were so frightened and the work of the flames was so rapid.

With the winter just at hand, to be thus turned out of doors with a family of seven children, the oldest a girl of only thirteen, and the wife almost an invalid, gives cause for protracted sympathy, and the neighbors are coming to the rescue.

A good many things in the way of articles of clothing and for housekeeping purposes have already been contributed, while others are still being collected for them by Mrs. J. W. Jewett and other generous hearts in and around Melothian.

ANOTHER GAME MONDAY

Richmond College to Meet the Danville Military Institute.

The lovers of foot-ball will have another opportunity Monday of witnessing a good contest. Richmond College has as their opponents the strong eleven from Danville Military Institute, and as the cadets are not in the association and are playing five of its professors, all of who are old college men, a hard game is in store for the collegians.

Cochran said when the game was scheduled he thought it would simply be a practice game to get his men in condition for the big Hampden-Sidney game in Norfolk on the 31st, but since has found out he will have to put every first-team man in and strain every nerve to keep the soldier boys from winning.

Manager Alley says he intends giving every patron his money's worth by charging only 25 cents admission. The game will start promptly at 3:45. Tuesday at 3:30 P. M. the second team from Randolph-Macon will meet at Broad-Street Park the second team from Richmond College. There is always a strong rivalry between these two colleges, and a play game is looked for between these junior teams.

EMERY WHEEL BURST

Mr. Charles Seals Injured by the Flying Pieces.

Charles Seals, a young man employed at the Virginia and North Carolina Wheel Works, was severely injured yesterday afternoon. Mr. Seals is a spoke grinder, and while pursuing his avocation an emery wheel burst into a dozen pieces. He was struck in the face by two fragments, while a large piece inflicted a painful bruise on his chin. He was removed to the residence of his father, on Fulton Hill, where he received the attention of the family physician. Mr. Seals will be confined to his residence several days.

H. School, the Lutheran missionary, who for several years has been located here, lost his little boy, "Cristie," about eight years of age. His entire family is confined in their home, suffering from this disease.

Johns in Hester.

(Special to The Times-Dispatch.)
WARSAW, VA., Oct. 24.—Mr. Arthur B. Johnson, a prominent merchant of this place, and Miss Dottie Hester, an accomplished young lady of Washington, D. C., were married in Baltimore yesterday.

Miss Hester was a guest here this summer of the Warsaw House, and while it was generally understood that they were engaged, their marriage came as a pleasant surprise to their large circle of friends here.

Mr. and Mrs. Johnson arrived here this afternoon, where they are at home to their friends.

VERERANS RE ORGANIZE

Mr. E. B. Howie Is Elected Commander—Death of a Well-Known Man.

A Coming Marriage—Church Services To-Day.

Manchester Bureau Times-Dispatch, }
No. 1162 Hull Street. }
All was bright and beautiful again last night at the Masonic Bazaar, which continues, as it has been during the past week, the center of the social whirl of Manchester. A keen night air, holding a threat of snow, helped thin out the attendance somewhat last evening, but there was withal a large crowd and gay, that enjoyed to the full the very excellent attractions provided for its amusement.

During the afternoon a special matinee for children was given with great success. The attendance was very large, and the children's enthusiasm and noise was wonderful to behold. The matinee was in the special care of Mrs. John Shotwell and the other ladies of the Reception Booth, which, taken all around, is about the most beautiful in the hall. Last night the special attraction was the appearance of Colonel William Allen and his daughter, Miss Gertrude Allen, in a delightful entertainment.

Great interest is being taken in all the booths, of the superiority of which too much cannot be said. The Reception Booth, in charge of Mrs. Shotwell, is replete with beautiful flowers and pretty faces. The Fancy Work Booth is another very attractive place. It is in charge of Mrs. Graves. The ever-popular Country Store continues to do business at the old stand, with Mrs. Betty as an excellent manager of affairs. For the men there is a Cigar and Tobacco Booth, under Mr. Hall, and for the girls a Candy Booth, in charge of Mrs. H. Fitzgerald. For everybody there is a sumptuous supper for twenty-five cents in the supper room, presided over by Mrs. J. A. Lipscomb.

The bazaar will continue through Friday evening of this week. On Monday night the nobles of Acca Temple, Mystic Shrine, will attend in a body, leaving the temple in a special car. Manchester Lodge of Elks will also attend in a body. Among the other attractions of the evening will be an entertainment by Professor Criddle, the accomplished musician.

MANAGER AMERICAN TEACHERS' ASSOCIATION SAYS

"Pe-ru-na is the Greatest Medicine Manufactured."

Prominent Educators From All Over the United States Praise Pe-ru-na.

From the East and West, North and South Come Letters of Endorsement.

Prof. Powell of Washington, D.C., Recommends Pe-ru-na.

Prof. W. B. Powell, of Washington, D. C., is one of the best known educators in the country. For fifteen years he has been Superintendent of the Public Schools of Washington, which is considered the best school system in the United States. Professor Powell is the author of a number of school books which are used throughout the United States.

This well known gentleman does not hesitate to recommend Peruna to his countless friends and acquaintances all over the United States. In a recent letter from 1410 N Street, N. W., Washington, D. C., to Dr. Hartman, he says: "Persuaded by a friend I have used Peruna as a tonic, and I take pleasure in recommending your remedy. Peruna is indeed a good medicine and should be in every household."—W. B. Powell.

Such straightforward evidence cannot be overlooked. What the common people say carries weight, but when a man of national prominence says, "Peruna should be used in every household," it is a significant fact to the increasing prominence and undoubted efficacy of Peruna.

A Well Known College Man Restored by

Mr. John W. Meng, of Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes: "I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and weather wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation, which I felt very reluctant to do. Secured a bottle of Peruna, and took a specific for catarrh. I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses, which keeps me in excellent health."—John W. Meng.

Miss Elizabeth Brown, 1708 John St., Baltimore, Md., is a school teacher of that place. She found Peruna of great benefit to her as a tonic, and in a recent letter says:

"Two years ago, when my school closed, I was so fatigued out that I could not sleep nights. Sleeplessness was a most serious trouble to me, and I felt I ought to go away and have complete rest, which I could not afford.

"One of the teachers told me that she had used Peruna for two years and had found it a wonderful tonic, and so I bought some. A complete change for the better took place within ten days. I could eat and sleep and felt like a new woman. When school opened again, I felt well and strong and well able to take up my work."—Elizabeth Brown.

Peruna is of national fame as a catarrh remedy. It is the only internal systematic catarrh remedy known to the medical profession. It makes diseased mucous membranes healthy, whether it is the mucous membrane lining the nose, throat, lungs, stomach, kidneys or pelvic organs. It cures various diseases of all these organs, and the following: The ill of mankind are due to catarrh. With healthy mucous membranes climatic diseases lose their terror, the system is enabled to throw off contagion, and health follows inevitably.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

MR. RANKIN'S EXPERIENCE

Tells of Narrow Escape in Keysville Wreck.

(Special to The Times-Dispatch.)
GREENSBORO, N. C., Oct. 24.—Mr. Watt Rankin, the express messenger on No. 11, the train which was wrecked at Meherrin, Va., last Monday, is here on a visit to his uncle, Mr. William Rankin. The young man miraculously escaped death, and is yet in a bad condition, his nerves as well as portions of his body being decidedly out of fix. The following account, given by him of his experience, is thrilling, and explains his condition:

Said he, "The first thing I knew I was standing squarely on my head in the demolition car, my feet being wedged up or fastened into something above. I could not do a thing towards extricating myself, and so was hemmed in I could not get out."

A HOT BOLT.
Then came the sound of an explosion of the boiler of the engine and with it a hot bolt struck my neck, which cut and burned, wedged me being able to break it off, because I could not get the use of my hands. I heard a man in the car under me yelling for help, and men began throwing things right and left on me. I could not be seen or heard.

In my desperation, I managed to wrench one foot loose above and waved it just a little outside the wreckage, when pretty soon a man saw it and I was rescued just after he had broken out. The iron bolt had been sticking to my neck all the time and it was still hot when my rescuer knocked it off."
